PRESIDENT'S MESSAGE

From Debbie Moreno

According to a recent article in the *Small Business Advocate*, small business continued to create America's new jobs, adding 1.9 million net new jobs during 2004 (the latest year studied). "Small businesses are America's job-creating dynamo," said Chad Moutray, chief economist for the Office of Advocacy. "Clearly policy makers need to consider their impact on small business when they are making policy decisions."

Wow, is that statement ever true. Your Chamber of Commerce is a perfect example of the scope and impact of small business in a community. 73% of our member businesses have 20 or less employees and a large percentage of those have five or less employees. Your Chamber spends time and effort advocating

on behalf of business, all business, but a large part of our effort is representing those small business owners and managers who are just so busy keeping their doors open, they don't have time to advocate for themselves.

Your Chamber is here to help businesses keep their doors open and to help them grow and prosper. The latest Milken Institute Best Cities Index for 2007 ranks Bakersfield as 17th in the nation in Best Performing Cities which based its findings on job growth, wages and salaries growth, relative GDP growth and more from 2001 through 2006. 2007 has brought new challenges to business and the economy, locally and nationally, and that makes your Chamber of Commerce an even more valuable tool and important resource for local business. Stay connected... we're working for you!

INTRODUCING YOUR INCOMING BOARD MEMBERS

Sir William Osler wrote; The best preparation for tomorrow is to do today's work extremely well. The Greater Bakersfield Chamber of Commerce is working extremely hard today to prepare for the new business challenges of tomorrow. It is my honor to be part of this organization.

A native of Bakersfield, **Tom Randour** is Vice President and General Manager of KGET/KKEY/CW in Bakersfield. His career spans 32 years in broadcasting in which 30 of those years have been in Bakersfield. Randour is a member of the Bakersfield Breakfast Rotary and sits on the BARC Foundation Board. His past service to the community includes Goodwill Industries of South Central California, United Way, KC Food Bank, KC Museum Foundation, Police Activities League, Greater Bakersfield Convention and Visitors Bureau and Workforce Investment Board. Tom is a graduate of Bakersfield College and served in the United States Air Force from 1969-1973. He is married to Carmen and their family includes five adult children and six grandchildren.

The Chamber is our lobbyist, our Public Relations firm and our information center for every aspect of Bakersfield. It communicates a commitment to good business practices and a concern for the future of Bakersfield. I have been able to feel the pulse of business activity throughout the Chamber functions, and I believe that participation in the Chamber is the key to business success.

Born and raised in Bakersfield, realtor **Leslie Walters** opened the doors of her own company, Walters & Associates, after years of managing the largest owner/operated firm in the city. Garnering several awards in her field, including Sales Person of the Year in 1990 and Realtor of the Year in 2004, Walters also is President of the Women's Council of Realtors for 2008.

Networking worthwhile work

Zeroing in on the practical “how to’s” of doing business with big business, the last quarterly Networking Breakfast of 2007 is set for Thursday, December 13, 7:30 a.m. at the Chamber, featuring speakers from the Kern County Superintendent of Schools and two local businesses.

“This is an excellent opportunity for attendees to gain valuable information and make new contacts,” said Chair of the Small Business Networking Breakfast Task Force **Peter DeArmond**, Small Business Development Center. “Attendees also have the chance to promote their own companies during the popular *30-second commercial!* For the two-hour investment of your time, the benefits are numerous!”

Sponsored by **Aera Energy LLC, Chevron North America Exploration & Production, California Credit Information Solutions, Inc., Citibank and Tejon Ranch**, the Networking Breakfast is FREE to Chamber members. Cost per nonmember is \$20. Seating is limited so be sure to make your reservations now. Register online, call 661-327-4421 or e-mail info@bakersfieldchamber.org to register.
